CAREER DEVELOPMENT SOLUTIONS RECOGNIZED BY SBWIB AS TOP-PERFORMING TRAINING PROVIDER

[Los Angeles, CA] – Last night, Career Development Solutions, LLC, a leading provider of IT and tech career training, was recognized for exceptional achievements in workforce development by the esteemed South Bay Workforce Investment Board (SBWIB). The SBWIB's prestigious 28th Annual Awards Ceremony was held last night at the Marriott Hotel in Torrance.

Career Development Solutions was honored as one of the top-performing training providers, showcasing outstanding results in program placements. Their dedication and proven effectiveness in training have resulted in remarkable placement percentages for two training programs:

- Information Technology Network Support Specialist Certificate Program: 88%
- Six Sigma Lean Black Belt with Project Management: 80%

"We are extremely proud to be recognized among industry leaders," said Cindy Sutherland, President of Career Development Solutions. "These placement results demonstrate our dedication to equipping individuals with the skills necessary to succeed in the workforce by gaining sustainable careers."

These impressive job placement outcomes underscore Career Development Solutions' commitment to delivering high-quality training that aligns with the needs of today's job market.

Career Development Solutions has consistently demonstrated its commitment to empowering individuals with the technical skills and industry-recognized credentials needed to re-enter the workforce successfully or change career paths to enter the world of IT and tech. About Career Development Solutions, LLC

Career Development Solutions offers career training programs to better your life. We give students new opportunities through globally recognized career training programs. We provide industry-leading certifications, training preparation, focused career paths, award-winning teachers, and the support you deserve.

Our career development programs match job training with industry-recognized stackable certifications built into our training programs. We create and deliver training programs that focus on in-demand sectors including Information Technology and Manufacturing, along with closing the Technology Gap that is hindering individuals across our county from gaining employment.
